EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

This application is in condition for allowance except for the presence of claims 60-71 directed to a group non-elected without traverse. Accordingly, claims 60-71 have been cancelled.

The following is an examiner's statement of reasons for allowance: On reconsideration, the previous rejection of claims 56 and 57 as obvious over Blatt in view of Al-Jabri et al and Droesten is withdrawn. Blatt suggests many interferons for use against SARS, but does not indicate which, if any, actually succeed in inhibiting SARS infection. Applicants have demonstrated that SARS is inhibited in vitro by all some interferons but not others, see Table 2 in the specification. Since the teachings of Blatt are insufficient to predict success for inhibition of SARS, and neither secondary reference remedies the deficiency, the invention as claimed is seen as obvious to try but lacking a reasonable expectation of success in light of the prior art.

The following application is cited as of interest in containing similar disclosure and similar priority dates; however, it is not available as prior art: US 2006/0280723 (Jervis).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Mary E. Mosher, Ph.D. whose telephone number is 571-272-0906. The examiner can normally be reached on varying dates and times; please leave a message.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Bruce Campbell can be reached on 571-272-0974. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
